

DAIRYPRO
Your Productivity Partner

Free Stalls and Barn Gates

DairyPRO offers top-quality, affordable free stalls and in-barn gating to ensure your cows and kept safe and comfortable

Free Stalls

- Free stall loops are designed to ensure cows have the space they need to enter, exit and rest comfortably
- Ensures proper indexing to keep stalls clean
- Floor-mount versions of our free stalls utilize the existing concrete without the need for posts or columns, saving on building and installation costs (post mount also available)
- Designed to work with PROMAT cow mattress systems, to maximize cow productivity and farm profit

Gates

- Designed to adjust and fit any space within your facility without the additional cost or inconvenience if on-site welding
- Multiple configurations available to ensure DairyPRO gates fit any application in your dairy facility
- DairyPRO gates are available in 3 and 5 bar options and included the following features:
 - Optional Man-passes
 - Replacement Latch Stubs
 - Optional Support Wheel
 - Durable, Reinforced Frame
 - Overlapping Adjustable Insert
 - Wide Variety of Hinge and Latch Options
